Sambhramaa 5.0 was not just an event but a platform that allowed me to grow both personally and professionally.”

Leeba (Institute of Agri Business Management, Bikaner)

“Sambhramaa 5.0 was a vibrant and transformative event. Being part of the startup pitch competition was exhilarating—I had the chance to present my ideas to industry veterans and receive constructive feedback. The cultural performances were another highlight, showcasing the diversity and talent of our peers. The entire experience was a perfect blend of learning, networking, and fun. I left the conclave feeling inspired and motivated to achieve more.”

Kanika Jha (Acharya Narendra Deva University of Agriculture and Technology, Ayodhya)

My experience in ISAB was very good because after coming here I made many new connections and the whole team of Taranggeet supported me a lot due to which I also came second in my event and before this my confidence was very low but after participating in it and performing on stage, my confidence got boosted a lot. Thanks to the whole team of ISAB for organizing such a national event.
